Remaining Mass Start Courses

Mens Moderate, Womens Moderate, Open Easy

These will be run as mass starts, one event on each map, no finals or knocking out of competitors (i.e. all entries run in a single race together at each map).

***Entries as of April 9. Although there may be a small number of late entries, there are likely to also be a small number of DNS so that these numbers are sufficiently close to what is expected on the day that the detailed timings are now published. Because of the complexity associated with the event, even if entry numbers change slightly the schedule and courses and format are now fixed.
